Sorry this one's late coming up but here are your gaming weeks from the OLR community:

kikineko: I tried to play Animal Crossing Wii but Kylie broke the disc :(Other then that Banjo Kazooie and Peggle on 360! Oh and Tengoku Gold!

Deekman: Only thing I played last week was Fallout 3

BlueSwim: Zelda: Phantom Hourglass. Solid game, but the touch control hinders the game's combat. No hype for Spirit Tracks yet.

DarkTetsuya: obligatory NFS:UG2, also Eat Lead (frustrating!) and The Wheelman demo (kinda fun, the GTA meets Burnout comparison is right on!)

BlackLab: zomg Puppy iz contributing. Lots of Left4Dead, some RB2 (DONT STOP. BELIEEEEEVIN.) And various games on Whirled.com (gotta support em)

MistyOLR: still more pegglecrack and rockband ^^;

Ray_Ayanami: Pop'n 16, IIDX 16, Metal Slug 7, DTET, Tetris TGM and TGM clones, Star Soldier R, Bangai-O Spirits.
