The gaming news seems to have slowed down a bit, but that doesn't stop us from tackling the headlines of the week, including a confirmed date for a show where will likely be lots of gaming news, Summer Game Fest. The creator of Summer Game Fest has finally broken a silence on the layoffs occurring in the industry, but are folks on social media holding him to an unrealistic standard? We discuss this and so much more on another week of the longest running podcast about video games, Orange Lounge Radio!

Also in the news:

- * Pokemon Lawyer (former) Comments on Fan Projects

- * Atari Bringing Recharged Series to the Arcade

- * Unreal Engine Cost for Non-Game Use

- * Playstation 5 9.0 Update

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
