The games industry is a seriously large one, as some of the sales numbers for the year 2018, which came in this week, show. The industry gets covered in more and more "mainstream" entertainment places, but could we be near the peak of what the games industry is capable of? We discuss this week with our LIVE participants on Twitch. We also get into the weeks gaming news which includes a Nintendo announcement that will push Metroid Prime 4 back a long time.

Also in the news:

* Fallout 76 NOT going Free to Play

* Anthem demo weekend reactions

* Farming Simulator eSports league

* Resident Evil TV Series to Netflix?

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
