Due to legal reasons I can't make this song available for download directly.

It's going up a little early, but OLR did start *seven* years ago on this day, and I couldn't think of a more fitting selection than one of my favorites from the PPP soundtrack! (I might do one of my other faves in a future installment, so stay tuned!)

If you're curious to see it in action, [click here](#) for the demonstration video that appeared in the PS2 Japanese import version! (*No you're not seeing things, the reversed text is normal so that way when you're doing the motions, it'll wind up being correct!*)

And with that I'm officially off until sometime in august, so expect the Wednesday editions to resume then!
