Due to legal reasons I can't make this song available for download.

I forget if I promised you a non-music game pick this week, but I decided to do one anyway. :P

What can I say about *Street Fighter II* that hasn't been already? The series is still going, with players trading blows in *Super Street Fighter IV* over PSN/XBOX Live! But one of my favorite tracks from the original SF2 has to be this song, Guile's stage BGM. Especially this remix, which I believe its first appearance was in *Super Street Fighter II TURBO* when it appeared on the 3DO and PC with an all-new remixed soundtrack.

Also, the song itself is so versatile, it goes with [*everything*](#) !
