Konami will sue if I offered links to download these, sorry!

I had a conversation on twitter with a couple of my fellow OLRmites, Misty and act-deft. We all agreed this was a great pick for ILTS, so I'm featuring it.... Well actually them, because the song's first appearance was in IIDX 2nd Style under the title 'Second Style (Hip Hop Paradise)'. Back when IIDX wasn't all hellacious note charts and anime theme music, the early games actually had several 'Hip Hop' style songs.

Interestingly, the song was remixed for IIDX 5th Style, using the same lyrics but now under the title 'IIDX'. Both of these songs feature crazy live-action antics, though I was unable to find a link to Second Style's video, but here's a [link](#) to IIDX's original bg video.
