On a very special edition of Video Stumble, we are going to talk about exploding ferrets. Wait, what?

No, seriously, for real! Old listerner of the show and game creator yyr has brought to us his new creation! Inspired by one of the many [OLR Dream Games](#), he bring us BUNGEE FERRET TOSSING!

I could explain what the game is about, but I'll let the video do the talking.

You can download the trailer directly from [here](#) or you can hit the "Read More" button to check it out in all its embed glory.

You know what is the best thing of all of this? The game is coming out for the XBLA Indie Marketplace for only \$1usd! Sadly, you will have to wait a pretty long while until you can download it. But if you are going to the New York Comic-Con this weekend, hit up [yyrgames](#) ' booth so you can play a preview of it. Be sure to check out their other games too!

If you want to learn more about BFT, follow [yyrgames](#) or [yyr](#) himself over at Twitter.

If you have any suggestions for future Video Stumble articles, you can send me a Tweet over at [@act_deft](#), or just leave a comment.

Until next time, *watch you later!*
