(Santa will leave me coal in my stocking if I link you to download these, so I can't.)

I figured with OLR on holiday for the next two weeks that I should post *something* to the site, so I decided to post this. Silent Hill (not to be confused with Konami's survival horror series of games) debuted on Dance Dance Revolution 3rd MIX. Featuring vocals by BEMANI mainstay Thomas Howard Lichtenstein, (who also provided vocals for several of their *Guitar Freaks and drummania* tracks) this was definitely a classic song that many fans enjoyed playing back in the day!

Also featured today is the '3rd Christmas' remix which appeared in DDRMAX2 as a new remix to the original Silent Hill, which featured just one 'Challenge' chart for its steps. While not the hardest Challenge chart in DDR, it's certainly a fun one and good for novices just learning to do some slightly harder songs!

Anyway I hope you enjoyed this timely DDR classic, don't forget next Saturday is the Under Sedation LIVE! New Year's Eve shindig, so come join Travis Donovan and Jessica Harper as they ring in the new year on ALL FOUR time zones!! OLR will be off the air until the new year, so stay tuned for news on the podcast's return in 2012... marking our **10th** year in internet radio!

So have a happy holiday, and a happy new year... I'll see you guys in 2012!!
