

Full version of DDR S Released!

Written by Deekman
Thursday, 05 March 2009 12:46

The full version of Dance Dance Revolution S has just been released on iTunes for \$6.99!

Only played the demo but it was kinda fun for a small time waster. I almost feel like the price might be set \$3 too high though to hit the main stream casual market but we'll have to wait and see.

[Download it here \(opens iTunes\)](#)

Full song list after the break!
