(How do you say 'I can't offer this for download directly' in Korean?)

Okay so the joke was that 'Ba Kkwo' kinda sounded like the noise a chicken makes so... yeah. anyway another great song... almost unmistakable because of the little siren sample that plays in the beginning.

And I do have the video too, hit the jump to check it out!

Tomorrow I take a break from the Korean stuff for a bit, to talk about another license that originally appeared in the original JP version of 3rd MIX... from a group that was quite possibly near and dear to our very own Rob Roberts' heart.
