Sony dropped a special Playstation Showcase on us this last week full of announcements about new games, new VR games, and even new hardware! What do we think about the games announced, and do we think there's space for Project Q in our gaming libraries? We discuss this and much more for our gaming weeks, as well as get a special cameo from our pal Bobby Blackwolf who is at Summer Games Done Quick this week! Our gaming weeks, more news, and more, make up another week of the longest running video game podcast, Orange Lounge Radio!

Also in the News:

* Gollum Studio Apologizes

* Marvelous Game Showcase

* Diablo 4 x KFC Promotion... Again

* Mortal Kombat 1 Konfirmed (from last week)

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
