

At the top of the show we take a moment to celebrate our 21st anniversary as a show. From June 23rd, 2002 from now, it's been an honor to be with you all of these years and have you as a part of the family. A surprise Nintendo Direct happened this week to add to the rush of June gaming news. Finally, a new 2D mario game-- and a remake of Super Mario RPG which was on a LOT of gamers bucket list. However, is a remake worth a 60\$ price tag? We discuss this and much more in gaming news from this week, on another episode of the longest running video game podcast, Orange Lounge Radio!

Also in Gaming News:

- * Xbox and Game Pass Price Increase
- * Diablo 4 Seasons Character Requirement
- * Chocobo GP Rerelease
- * Elder Scrolls VI still V years away

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
