On a short show for the Memorial Day weekend, our hosts go over the weeks worth of news, which included a Jambo Safari remake announcement as well as rumors about music and rentals on the PSP. All this and your calls, emails, chatroom antics and more on the show where every gamer has a voice-- Orange Lounge Radio Again, sorry for the delay in this podcast but our storage drive corrupted and then E3 happened. We will be back on track soon. Remember you can always listen live on Sunday nights at 6 pacific standard time.
