On this show taped August 30th, 2009, we talk a bit about some of the new Microsoft news including the price cut, and some updates on Twitter and Facebook integration. What is up with all the 250GB systems lately? And how is Best Buy going to try and stop you from trading back your PS3 fat for a slim? In part B of episode number 336, we take on the twitter topics which includes a folding laptop, then talk a little bit about arcades at a store you might not have ever expected. Arkham Asylum sets a record, and Rock Band Unplugged has a more featured demo than you might have imagined. All this and more including your chatroom antics, phone calls, twitter topics, emails and MORE on the show where EVERY gamer has a voice: Orange Lounge Radio
