

Sony shows a lot at Gamescom, and we run down the news including some interesting original titles and... PS3/Vita combos, woo! Also, in rapid fire news, we cover the Just Dance 4 tracklist. This doesn't end up being so rapid when we use it as an excuse to introduce DarkSakura to dubstep, hee hee.

Also:

- \* Big changes / shakeup at Onlive
- \* A new Neo Geo is coming
- \* Steam will soon have documentaries
- \* A special music break with music by Jesper Kyd from Darksiders II -- thank you [www.sumthing.com](http://www.sumthing.com) !

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern [www.vognetwork.com](http://www.vognetwork.com)
