

Many listeners and many callers turn out for our special 500th episode. We hear from members of the OLRmy past and present, and even bring back a Video Game Match Game for old time's sake.

The news doesn't stop this week, as we talk about EA's "victory" as the worst company in America yet again. Is this really as big of a deal as some websites make it out to be? We tackle that question, and sadly report on some layoffs at the same company. Meanwhile, Capcom admits to having a rough time with HD remakes of their fighting games. Could this impact the future of Darkstalkers?

Also in the news:

- * Nintendo closing some Wii features this summer

- * Level 5 working on a PS4 Game

- * Tomb Raider Japanese Dub Pack

- * R.I.P. Mr. Resetti
