The funky title is explained in the first few minutes of the show :P . Then we get down to business with some of the newest news on the Xbox One, and some interesting developments with the PS4 and the Playstation Vita. DarkSakura is back in studio with us, and has some strong opinions of her own on what she's seen so far. It appears the country of Germany might agree with her.

Also in the news:

* Blizzard MMO Delay

* Online Pass for older EA games eliminated

* 3DS Sonic and Altered Beast

* Wii U Premium kit

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
