

Our industry has lost a great businessman with the loss of Hiroshi Yamauchi, and we spend some time at the top of our show in remembrance, and reminiscing on some great NES classics. Towards the end of the show, a tweet question asks our hosts and participants what we think of remembering these NES classics on new retro 5-1 systems.

In gaming news, Valve is set to finally embrace the number 3 with three announcements, but don't go jumping to any conclusions just yet. Also, Blizzard is set to strip the auction house out of it's third Diablo game. Will this win the series over some new fans? We discuss with our participants LIVE.

Also in the news:

* PS4 HDMI Capture

* Sega Sammy Atlus

* Wii Sports HD & Wii Fit U
