

Rob and Jamie are back from GaymerX2, and talk about some of the things they saw and the highlights of the show! Also, with the Destiny Beta kicking off this weekend, Rob has some early impressions of the game, and we get other impressions from our live chatters. Also, Microsoft is in the news a lot this week, as the layoff news has been a topic of much conversation. Is all the news bad at Microsoft, however? As sales figures from last month may indicate things are on their way up with the Xbox One.

Also in the news:

- * Tekken 7 Announcement

- * Mortal Kombat X

- * Playroom to add additional talk show functionality

- * Safeguards for iOS purchases

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
