Nintendo has released details on their new YouTube revenue sharing program, and it kicks off a debate in our studio. Is this sharing program fair on all sides, or will it cause let's players to cease playing Nintendo games? Also, one host proposes that of Nintendo and the Let's players, perhaps neither is to blame. We also get the reaction and opinions of our LIVE chatters to this and other news of the week which includes one favorite blog of many gamers closing its doors.

Also in the news:
