We recap the news from last week where we abruptly had no show due to sickness (FU of the week: sickness!). Then we get into the big news from this week which included a very busy Nintendo Direct. Did you hear the one about Cloud in Smash Bros? Yup, that happened. We talk about why a character from a noteably Sony game may be in this Nintendo franchise, as well as what this could mean for long term partnerships between Nintendo and Square-Enix (or as we call them- Squeenix).

Also in the news:

- * Xbox One launches 360 backwards compatibility

- * Bob Ross staying on Twitch

- * Samsung Gear VR

- * Dragon Quest Heroes PC

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
