We spend a minute to talk about the importance of maintaining Net Neutrality, so please visit www.battleforthenet.com for more information. Then we get into chat about the week in games, including the launch of a new Animal Crossing game, on mobile platforms. What are our opinions on this new Animal Crossing game? Does it satisfy the lack of a new Animal Crossing game in several years, or does it leave us wanting something more on Nintendo Switch? We give our feedback and invite our live listeners to do the same.

Also in the news:

- * Loot Box issues continue, drawing government attention

- * Clicker Heroes 2 to ditch free to play model

- * Marvel Heroes shuts down suddenly

- * Destiny 2 XP System changes

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
