Nintendo has announced Labo, a new game and toy hybrid experience which will allow you to make new creations out of cardboard, and play games on the switch with them. The internet has had a divided reaction on Labo, but what did we think in studio?

Also, we take a trip back to our roots as a music gaming show by talking to friend of the show Mel B about the past and present of DDR Freestyle, as he gets ready for DDR Freestyle Takeover in San Jose this upcoming weekend. Thanks to twitch, everyone around the world can check it out!

Also in the news:

* Forza Horizon Developers to make a Fable Game?

* Suspension of Overwatch League Player

* Disgaea remake

* Playstation Totaku Figures

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
