After some talk about the DDR Freestyle tournament over the weekend as well as Loki's new DDR MACHINE, our hosts get into talking about a potential expansion of streaming on Facebook. After some recent big profile bans though, is Facebook ready to handle taking on the likes of Twitch, Mixr and YouTube? We talk about this and much more in gaming news, including the end of Nintendo's first big mobile game Miitomo.

Also in the news:

* Pokemon Go adds more pokemon, but EX Raids ruined by spoofers

* Big names coming to the Avengers game project

* Xbox Game Pass changes

* Homebrew gets PS2 games running on PS4

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
