

Is Battle Royale fever taking over the industry? It sure looks like the next E3 might be full of Battle Royale modes in games, if the direction two big series are heading in is any indication. However, our hosts might be a whole lot happier with the Battle Royale trend if one internet meme were to turn out to actually be true. We discuss all this and more including the recent message put out by Bioware that does not sit well with our hosts. It's a rough but real start to another episode of Orange Lounge Radio!

Also in the news:

* Puzzle Fighter to shut down. Already.

* Campo Santo acquired by Valve

* Minecraft Skins exploit

* New SNK Mini Hardware?

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
