We start off the show talking about SEXY GAMES (did something catch your attention?) and how Valve has been treating them on the Steam store. This gets into a larger conversation about sex and the internet and how easily accessible smut is, so how do we think Valve should be treating these games? We talk about this and more including our gaming weeks and the weeks news on another week of the show where EVERY gamer has a voice!

Also in the news:

* No more Best Buy Gamers Club

* No Mans Sky Multiplayer

* Call of Duty Black Ops 4

* Kingdom Hearts 3

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
