This weeks show was taped on March 10th, or MAR10- MARIO Day! We talk a bit about Mario and his significance as a Nintendo mascot, and some memories of Mario and why we think he's been so successful. Also, do other companies need a mascot as strong as Mario? We discuss. Then we get into the gaming news for the week which includes yet another company declining to have a booth on the E3 show floor. Though they may still be up to things in the neighborhood...

Also in the news:

- * Octopath Traveler next game

- * Labo VR

- * Remote Play for PS4 on iOS

- * Discless Xbox One to come?

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
