We are back to talk about our gaming weeks as well as what's going on in gaming news, including a class action lawsuit being filed against Nintendo for issues with drifting Joy-Cons. This seems to be yet another issue in a long list of issues that have plagued the early versions of consoles when they release. We talk about this and much more on another week of Orange Lounge Radio!

Also in the news:

* Overwatch Role Locking

* Stadia Updates from AMA

* Fortnite causes child to go to ER

* John Wick Fan Game

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
