Some big announcements were dropped at The Game Awards this week, including the first new Playstation 5 game, as well as the official name for the next Xbox. What do we think of the name "Xbox Series X" and what interesting acronym does that lend itself to? We discuss this as well as the awards themselves, and how we think the overall show was received. Then we get into the week's news which includes several other announcement events as well from both Playstation and Nintendo!

Also in the news:

- * Final Fantasy Crystal Chronicles Delayed

- * Forza Horizon "Battle Royale" mode

- * Gamestop Q3 Earnings

- * Redbox to end Video Game Rentals

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
