

As the usual E3 events are scattered all over the summer now, we got the EA Play event this past week which we take some time at the top of the show to discuss. Which announcements did we think looked neat? What announcements WEREN'T there that we were hoping for? The EA event wasn't the only big announcement show, as we got a Pokemon Direct as well with some new news and a surprise game announcement! All this, our gaming weeks, and more on another week of Orange Lounge Radio!

Also in the News:

- * Super Mario LEGO Details

- * PS5 and XSX Interfaces

- * Kingdom Hearts Rhythm Game

- * PAX West & Australia Move Online for 2020

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
