We are back after the Labor Day holiday this week to tackle two big gaming developments at the start of the show- first the Mario 35th anniversary Nintendo Direct which features a new Mario 3D All-Stars collection. Do our hosts think this is worth the \$60 price of admission? And what is up with the limited time offering of the collection, even digitally? We discuss this, then get into some news out of Microsoft's camp, as leaks forced them to show their hand with Xbox Series S and Series X early. What do we think of what we have seen so far? And what might Sony bring to the table this week? We talk about all this and more on another episode of Orange Lounge Radio!

Also in the News:

- * EA Play coming to Game Pass
- * Hyrule Warriors: Age of Calamity announced
- * Is 4K Coming to Nintendo Switch?
- * Minecraft VR Update

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
