

A major sale in the industry happened after last week's show when Embracer purchased some of the studios under SquareEnix holdings. However what really has people talking is the deal price that Embracer got these studios for. Why is SquareEnix trying to sell off these companies? One comment has led to a further investment in blockchain-related technologies in gaming, which has our cast talking about if this technology actually has a place in gaming, or if it's too crime and scam riddled past the point of no return.
