On tonight's show, we kick things off talking about the first AAA gaming studio to form a union, Raven Software. Could this lead to more unions within other parts of Activision Blizzard? What about Microsoft's response, as the plan is they will own them before too long? Is this just the start of a much larger movement in the AAA section of the industry? We discuss this and much more, including gaming weeks that include exploring an all new expedition in No Man's Sky with space whales! All this and so much more on another episode of the longest running video game podcast, Orange Lounge Radio!

Also in the News:

- * Horizon Zero Dawn to become Netflix Show
- * Sony to bring more titles to PC
- * State of Play and Sega Announcements next week
- * Sims 4 Introduces Custom Pronouns

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
