

Even with a large football game on television taking people's attention on the day of our recording, your Orange Lounge Radio hosts gather with many familiar faces from our Twitch channel to talk about the latest Nintendo Direct. People seem to feel very strongly about this direct, what did we feel were the high points... and yes the low points too. We recap the latest in Nintendo, which also includes THAT price tag for the new Zelda game. All this, our gaming weeks, and much more round up a Superb episode of the longest running weekly video game podcast, Orange Lounge Radio!

Also in the news:

* More Plot Twists in the Continuing Microsoft/ABK Saga

* Meta Acquires Within (Fitness VR Apps)

* Video Games and Cognitive Abilities

* Konami Baseball Game for \$1

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
