Oh you might want to listen to this weeks episode with headphones. Just sayin. The OLR crew is staging a unique protest and exercise in free speech this week. It is something we have talked about for a long time. Youll see. There is still much gaming news to discuss this week including early hands on impressions of Final Fantasy XIII, and gaming news involving the APOCOLYPS3 and news about a Portal sequel! We have some choice words for Ubisofts DRM and Activisions behavior this week. Just listen to this weeks show, the word is said a lot. All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio.
