We wrap up E3 LIVE with our listeners. We know what all the "big" sites covered, but what were the standouts of the show to our listeners? We recap all of the press conferences and some of the news that you might have missed from the show! This includes news on Silent Hill, Kojimas next project, Fallout Online, Def Jam Rapstars community features, Burger King games coming back to the 360, new PS3 keyboards and much more! Join us for the E3 wrapup on the show where EVERY gamer has a voice-- Orange Lounge Radio.
