

3DS Tech, New Tomb Raider, Atari GO, Super Street Fighter 4, Halo Reach, Wii Remote Plus, APB Closure, You don't know Jack and MORE on the show where EVERY gamer has a voice- Orange Lounge Radio

After a recap of the gaming weeks, the hosts dive into the news of the week which includes rumors of what is to come on the 3DS. There is rumored new information on the next Tomb Raider game, but the hosts seem divided on how much we should care. Super Street Fighter 4 PC is not happening because of piracy, but is this a cop out? We take opinions from our chatroom on these topics and many more. We take phone calls a plenty, and have fun with our special guests for the second week in a row- RicePrincess and The Doctor!
