

R.I.P. Titan, we hardly knew ye. Actually, we really knew nothing about ye except that you were in development an awfully long time. If rumors are to be believed you might have been a bit too familiar to one recent release. We address the cancelation of Titan, and what might have caused it. Also, Rob expands a bit on his adventures in Destiny, and the "endlame" that he's starting to experience now that he's level 20. Will a patch due next week fix some of the problems? Let's hope so!
