With YouTube announcing their most streamed video games of all time, we take a look back on how the technology of streaming gameplay has changed gaming- for better and for worse. Also, the Konami news just won't stop coming in and disappointing us. Most recently they have announced that they will be focusing on mobile games. Also in the News:

* E3 plans from Nintendo & More

* Windows 10 to include Candy Crush Saga

* Dragon Quest VIII on 3DS in Japan

* Nevada to allow skill-based gambling
