This week, we talk about Dragon Quest XI being unveiled for Japan! Although it's exciting to see another game in the Dragon Quest series, it's hard to get too excited when realizing that a release for the U.S. is not guaranteed just yet. Our show this week was a special early show, which allowed us to get participants from other places we don't usually hear from!

Also in the news:

- * Zombi confirmed for PC, PS4, XB1

- * Mighty No. 9 Delay

- * Windows 10 Rollout

- * Nintendo Loot Crate?

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
