We talk voice acting on this week's episode of OLR with our special guest panel featuring Andrew Jones, Gregg Berger (Sir Jecht from Final Fantasy X) and David Sobolov (Azmodan from Diablo 3 and Heroes of the Storm). We talk about voice acting in video games as well as some of the other media that our guests have been involved with.

Also, Allen joins us this week to discuss the gaming news with our live participants, including a big price drop for the Nintendo 2DS. Will this cause more people to pick up this handheld system? Is Nintendo offloading inventory for a new device? We speculate this and much more...

Also in the news:

- * Nintendo Patent for Discless console

- * FFXIV passes 5 million accounts

- * Konami Franchise Poll

- * Bootleg "Amiiqo" device

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
