On an shorter edition of our show this week, we discuss the recent settlement that settles a disagreement between a city and the makers of one AR based game on who is responsible for playing them in parks. And on the subject of AR games, Rob went to a big event for Ingress this weekend, and talks about the preview he saw for Ingress Prime, from the studio that did Pokemon Go.

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
