

It's our sweet sixteenth birthday! And what a week to have a birthday on, as we still have to wrap up the rest of what we saw at E3. We go over Sony, Ubisoft and Nintendo announcements and give some of our honest feedback with our live chatters. The news doesn't end at E3 though as we cover not just some of the non-press conference news from the show, but some of the events that have happened afterwards as well.

Thank you OLRmy for helping us achieve this sixteen year milestone!

Also in the news:

- * Stock Reactions to Conferences

- * Steam Achievements Limited

- * Stranger Things Video Game

- * Fortnite cross platform Controversy
