

We start off this week's show by talking about the impact of gaming on what we see in the "mainstream" media on big channels and big shows on nationwide networks. Do we like to see gaming represented in mainstreaming culture or do we not like the way that sometimes it is represented? We discuss in studio and with our LIVE participants in chat. After our gaming weeks, we also get into a discussion about Nintendo coming after major ROM websites. It sure seems like a random time for something like this to happen when ROMs are available in so many places. We discuss.

Also in the news:

- * Loot Boxes to be removed from Forza Motorsport 7
- * Mini Arcade Cabinets
- * Zelda II Remake (or who wouldn't mind doing one at least)
- * Taiko no Tatsujin US Release

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
