Gamescom happened this weekend, even if in a new virtual format, and gave us several new game announcements and updates of games to look forward to. Nintendo also presented us with another Direct this week, though it was another Mini direct focusing on non first-party titles. Our hosts sure were excited about the number of one particular genre of games that was represented though. We discuss these various announcements and more news on another week of the show where every gamer has a voice!

Also in the News:

- * Mega Evolutions come to Pokemon Go
- * Eiyuden Chronicles Kickstarter Finishes
- * Final Fantasy Crystal Chronicles Reactions
- * Nintendo Wii Modded to be Handheld

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
