A Nintendo Direct happened this last week, and while the focus was on third parties (so nothing new on Breath of the Wild 2, Sorry!) there still was a strong amount of announcements of games thru the holiday season. We talk about some of the highlights and games we are looking forward to. We tackle much more gaming news from the week, as well as continue some comments on our twenty year milestone celebrated last week. All this and much more as we begin our twenty FIRST year talking about video games, gaming culture, and the gamer lifestyle on Orange Lounge Radio!

Also in the News:

- * Xbox Exec Comments on Bethesda Crunch
- * Phantasy Star Online 2 headed to PS4 (in North America)
- * Niantic Layoffs While New Game Announced
- * EA Gets Roasted on Twitter

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
