

A much anticipated arcade opened locally, which speaks to the music game roots our show is based in. Loki tells us about his adventures at the newest Round 1 arcade in Roseville, California. We then get into the weeks gaming news which includes a new cloud gaming handheld from Logitech and Tencent. However, is there room in the industry for a device like this? Hear why we think this device might be too early in some ways, and too late in others. All this and much more discussion round out another week of the longest running video game podcast, Orange Lounge Radio!
