

Nintendo put out a 30 minute direct focused on Splatoon 3 this week. We talk about our reactions to this direct, including some of the new twists on the Splatfest format, such as three splatfest teams, and phases on a pincer style attack map. In addition to the weeks news, we also talk about the games we have been playing this week such as runaway twitch hit Cult of the Lamb. Is this game really rooted in Animal Crossing, or does it feel like other familiar ground? We discuss all this and much more in another week of the longest running video game podcast, Orange Lounge Radio!

Also in the news:

* Overwatch to remove pay Loot Boxes

* THQ Nordic Updates

* Stadia new Trial System, Achievement Based

* More Labor Concerns at Nintendo

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
