

After a very heavy- but necessary in processing thoughts opening to tonights show, we are joined by our good friend Shane, VOGNetwork's resident Pokemon expert to talk all about Generation 9. Are the techincal issues with the game something that impacts the fun? We discuss this, as well as speculate some of the potential reasons for the tech issues (that once rumored switch pro perhaps?). All this and plenty more round out another week of the longest running video game podcast, Orange Lounge Radio!

Also in the News:

- * Gearbox Changes, including Volition movement
- * Yuji Naka arrested regarding insider stock trading
- * The Game Awards 2022 Nominees
- * Microsoft Streaming Box that wasn't, and why

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
