

The Game Awards happened this week, and with the awards show came plenty of new game announcements. How did we feel about this years show compared to last? What are some improvements we feel need to be made? We get into that, as well as talk about some of the announcements that have us excited. The news didn't slow down though as there's plenty more gaming news, our gaming weeks, and much more on another week of the longest running video game podcast, Orange Lounge Radio!

Also in the News:
